Mr. Predrag Milosevic
President
Serbia Powerlifting Federation
France 26,
11000 Belgrade, Serbia
Ref: Confirmation of EPF/IPF Membership – Serbia

Dear Mr. Milosevic:

With this letter, the International Powerlifting Federation (IPF) confirms the Serbian Powerlifting Federation, under the Presidency of Mr. Predrag Milosevic, is a full member of the IPF as well as the European Powerlifting Federation.

Recently, the IPF has been informed that Serbia has several national federations established for powerlifting. It will be a great benefit for the sport of powerlifting in Serbia, if these federations could join together into one national federation.

Lastly, the IPF highly encourages the Serbian Powerlifting to seek support from the Ministry of Sport or other relevant umbrella organizations in Serbia to assist with such a process.

Please call on me if you require any further assistance.

Thank you,

Respectfully,

Robert Keller
Secretary General
International Powerlifting Federation
