**Re: Serbian Powerlifting Federation**

Dear Mr. Milosevic,

As you know, on 29-30 March 2019, Mr. Gaston Parage, the President of the International Powerlifting Federation (IPF) traveled to Belgrade and met with Mr. Milan Smiljanic, as well as the athletes and officials from the Serbian Powerlifting Federation.

Gaston reviewed all of the documents presented by Mr. Smiljanic from the Serbian Ministry of Sport and verified that he is in fact the President of the Serbian Powerlifting Federation.

Furthermore, given that you have opened a new federation in Serbia, we cannot expel the existing federation. This can only be done at the General Assembly and frankly there is no reason to remove the existing federation.

We respectfully request that you now provide the federation's equipment to Mr. Smiljanic.

Lastly, I would ask that you continue to work with Mr. Smiljanic for the benefit of the athletes and the sport of powerlifting in Serbia.

Thank you for attention in this matter.

Respectfully,

Robert Keller  
Secretary General  
International Powerlifting Federation
